

Protect your vehicle with car parking near Coolangatta airport

Everyone knows the risk of taking their own car to a public airport. Not only is parking in the airport's facilities extremely costly, but there is also an increased risk that the car may be damaged or burgled, meaning you may come back from your trip to find you have to pay for repairs to the vehicle. The risk of having the car damaged is such that many people choose to leave their vehicle at home, and instead go to the airport by taxi or mass transit. However, if you want to make use of your vehicle in order to get to the airport on time, then there are other methods you can use to keep your vehicle safe while using **car parking services near Coolangatta airport**.

Disadvantages of airport parking

The lack of security in Coolangatta airport is a serious issue, and is something that many people feel makes using these parking facilities too much risk. There is a minimal amount of security at Coolangatta, but there are very high costs for using the **Coolangatta airport parking** facilities. This combination of lack of security and high charges means that many drivers have been forced away from the airport when they are travelling for a holiday or on business. If you are concerned about the level of risk associated with parking in the airport, including people damaging your car and forcing you to claim on your insurance, or even breaking into the vehicle due to lack of supervision, then there is an alternative solution, which involves using private parking services.

Advantages of private parking

The demand for secure **car parking near Gold Coast airport** has meant that many private businesses have set up parking services around the airport. These companies offer a secure way of parking your vehicle, including supervised parking bays, valet only access to vehicles, and security cameras or monitoring of vehicles parked in their business. This

reduces the chances that thieves will get into your vehicle, and also means that there is less chance of accidental damage to your vehicle. Using undercover parking bays gives your car extra protection, and reduces the likelihood that it will be damaged or broken into while you are away. You get a better security option for your vehicle, and get for valet services without having to sacrifice travelling at your convenience to the airport.
